Himanshu S Shetty

Mangalore, Karnataka, India, 575002

Education

Sahyadri College of Engineering and Management

Dec 2022 - Jun 2026

Bachelor of Engineering in Computer Science

Mangalore, Karnataka

Experience

InUnity LLP Dec 2024

Freelance Developer

Mangalore, Karnataka

- Developed a **PDF generation tool** with **React.js and Puppeteer**, automating test result aggregation for **600**+ students and reducing manual processing time by 90%
- Engineered customizable **KSA Analysis Report** format for student performance statistics, delivering automated PDF generation system 20% ahead of schedule with successful institute implementation.

Projects

 $\mathbf{scAPE} \mid Next.js, \ TypeScript, \ TailwindCSS, \ ExpressJS$

October 2024

- Designed the frontend for scAPE, successfully facilitating registration for 1200+ users in an event by SOSC.
- Implemented key features including user registration, interactive dashboards, event enrollment, and secure payment handling, enhancing the platform's usability and facilitating smooth interaction for over 800+ event participants
- Deployed frontend on **Netlify**, reducing load times by 30% and backend on **Google Cloud**, to ensure 100% availability during peak user engagement.

LitScout | Next.js, TypeScript, Express.js, BART CNN, Google NLP

December 2024

- Created a Literature Survey automation Tool using BART CNN for summarization and Google NLP for semantic search, reducing manual paper discovery by upto 80%.
- Built a robust frontend and an efficient **paper summarization pipeline** that searches across **327 million** research papers from open-access repositories, delivering concise, high-impact summaries for quick comprehension.
- Redesigned UI with a sleek layout, cutting load times and boosting user relevance and satisfaction scores by 30% through intuitive sorting features.

Tandem | Next.js, TypeScript, TailwindCSS, Supabase, PostgreSQL

December 2024

- Engineered a full-stack Volunteer Management app that streamlined event scheduling, assigning tasks, and improved volunteer participation tracking, enhancing efficiency for multiple community-driven projects
- Implemented authentication with role-based access control using Supabase, ensuring secure data management for organizers, volunteers, and admins.
- Built intuitive **dashboards** for efficient event management and integrated a feedback system to enhance event quality through actionable insights.

Technical Skills

Languages: C, Python, HTML, CSS, JavaScript, TypeScript

Developer Tools: VS Code, Git, Postman, Docker, Supabase, MongoDB Compass

Technologies/Frameworks: React.js, Next.js, Node.js, Express.js, MongoDB, PostgreSQL, MySQL, TailwindCSS

Organizations

Organizer - Sahyadri Open Source Community

Sep 2024 – present

- Organized DevHost 2024 hosting 20+ industry speakers and mentors with 1000+ attendees over 3 days.
- Leading a team of **20+ members**, enhancing **technical and leadership skills**, and promoting **open-source**, through collaborations with GDG on campus, IEEE, FOSS Mangalore.
- Gave talks on getting people started with open source and how to contribute to open source

GenAI Lead - GDG on Campus

Sep 2024 – present

- Actively promoting and advancing Google products and initiatives on campus.
- Conducted a workshop on Build with AI, and delivered an Introductory talk on Getting Started with Google AI Studio.
